

## **SILVESTER 08 "Tactile Celebration"**

***A playful, meditative, cheerful, jolly two – days workshop into 2009  
on New Years Evening held in English and German.***

### ***BALI - A Jewel on the Inner Journey***

Indulge ourselves in smells, feel one's way with feet and hands, hearing and feeling and get to know all senses, wake up and celebrate, with open and closed eyes we will dance the fine tones and vibrations of life and let the internal fullness come to life! Enjoy the tactile celebration of the grounds underfoot. Together - in quiet and also moving meditation we will celebrate the crossing from the old into the New Year.

On the 1st of January we will experience, rituals of passages, the transfer visions and goals into creative action (move the visions, experiences and aims creatively). The nature of the island Bali, the warmth, her special energy and the friendly, affectionate atmosphere of Gaia-Oasis strengthen our celebration of the senses.

The tropical Vegetation, the sea, a tempting pool and lush nature enclose a beautiful Seminar Center on the untouched North-East-Side of the island. Directly by the Ocean, under coconut-trees, you can enjoy the beauty of our [beach resort](#) called "Pantai", an approximately one hectare piece of ground along the Pacific. At the time, we have eleven individually built bungalows in Balinese style. We have a dining terrace, delicious vegetarian food, a pool, a meditation and seminar room and a spa, which are at the disposal of all guests. On the 31, December we will celebrate/work from 11:00 -14:00 and from 17:00 till 01:00 at night together and create the transfer into 2009. When we have rested well we will meet again on the 1.
